

SomerStone CobbleStone Paving Sheets

SomerStone's Hand Made CobbleStone Sheets are designed to be reminiscent of European streetscapes and narrow alleyways. Available in a natural charcoal colour, SomerStone CobbleStone Sheets are suitable for use as borders, driveways, courtyards, entertainment areas and perfect for pathways.

Ordering SomerStone CobbleStone:

Quantity per Pallet: 12 m2

Weight per Pallet: 960 Kg

format.

SomerStone CobbleStone are held together with twine - in sheet format.

Additional Information:

Each sheet is joined together through the centre of each stone with twine ensuring that each piece of cobble does not pull apart. It is not matted on the back of the stone which generally leads to pieces falling off and difficulties with laying and installing. Twine allows the sheets to follow curves and existing shapes.
